

Some Testimonials to our Donadea Events.....

- Really enjoyed the event very well organised as per usual. Just keep doing what your doing. Well done again. – 10KM
- Thanks very much for a super race, my first ultra and I thoroughly enjoyed it. -50KM
- Yesterday was my first Ultra and consider myself lucky that my first was Donadea. The entire team were very efficient and very very friendly. I was very impressed by the fact that they remembered you personally at every lap and that you even remembered my number when registering even though I didn't. Think this was one of the benefits of running a small and somewhat exclusive event. The team were very well placed throughout the route which enabled them to give much needed support just when it was needed. Even the area at the cafe set up for supporters was very well thought out, I believe the fire which lit and the soup and coffee from the cafe was very welcome for the guys waiting a number of hours. I was also very impressed with the speed of published results, and photos on face book. All in all a great event with great camaraderie between competitors making a blow in from the north like me feel very welcome. T Shirt, medal and goodie bag great quality. Hope I am lucky enough to run Donadea 50k again next year.
- Have to say it was very well organised and great support around the track. I can't fault it in any way. Also, a very nice finisher's medal. Hope to be back next year. 10KM
- No suggestions from me Anto. That was my first venture into long distance running. Great day, the hills, puddles and gravel were a killer but hey, who wants to run on the road?! The marshals made it for me, especially as my own wife was at the start line which is a loooong way when you are digging deep so it's awesome to have people cheering you on all around the route. Lovely medal. Cool t-shirt. Lovely bunch of people down there – 50KM

- I would suggest that you raise the entrance fee, pay the phenomenal volunteers and increase the field to 250 runners. We were pretty thinned out before we completed the first lap. I reckon you could cope with the extra runners without much difficulty and the additional fees would help raise a little money for the club, or charity - as you choose. 45 euros was pretty cheap for what we got on the day - I paid 70 for Connemara and I don't expect to be treated as well...I think your event is fantastic - I wanted to enter it just from what other runners said, specifically Thomas Bubbendorfer, John O'Regan and Brendan Dowd. Just keep doing what you do and you will continue the success. - 50KM
- It was one of the pleasantly run events I have taken part in . The volunteers on the course were Fantastic . The event was seamless and unobtrusive , apart from the pain it was great . 10KM
- There's not too much to suggest really, it was a very well organised event. The stewards plotted around the course with bin bags is a great idea. It usually takes me a kilometer to drink a 250ml bottle of fluid so having people to throw the empty bottle to was good. All the volunteers, marshals and stewards were great. They were very friendly and gave lots of support. The Red Tag team, the SIS guys, the water bottle hander outers, even the people standing at junctions for hours on end - all brilliant. – 50KM
- What a day Saturday was , my second time to compete and I have to tip my hat to you and your crew , it was the best yet. - 50KM
- Great organisation , incredibly professional and still you managed to maintain the running family atmosphere. I would like to bring specific attention and praise to the friendliness and courtesy of every single person I met. – 5KM
- Congratulations , great race. – 5KM
- It was a great race, thanks. As usual, the event was very friendly, had a good atmosphere, a great course and was excellently stewarded. – 10KM
- Thanks for another great 10K event in Donadea. My husband and I have done it each year and it is always our favourite run of the year. -10KM
